Product Description

Product Description:

When it comes to delivering your sweet treats, the Cake Box is the perfect packaging solution. This product is designed to be portable and easy to carry, thanks to its convenient handle. Plus, the Cake Box is available in flat packaging, which makes it easy to store and transport to your desired location.

The Cake Box is made from paperboard, which is a sturdy material that is ideal for packaging baked goods. This material is also environmentally friendly, which is great for businesses that value sustainable practices. The Cake Box is available in a rectangle shape, which makes it easy to store and stack multiple boxes for efficient storage.

The Cake Box is available in two different surface finishes: glossy and matte lamination. This gives you the flexibility to choose the finish that best suits your business's needs. The glossy finish gives the Cake Box a shiny, professional look, while the matte finish gives the box a more subdued appearance.

The Cake Box is made in Port Shenzhen or Guangzhou, which means that it is manufactured in a location that is known for producing high-quality products. This ensures that you are getting a product that is made with care and attention to detail.

The Cake Box is also known as a sweets delivery case, cake caddy, or sweet treat carrier. This product is versatile and can be used for a variety of baked goods, making it a must-have for any business in the sweets and baked goods industry.
